HAPPY MOM'S DAY!

Thank you for celebrating "Muffins with Mom" in the Bear Cub classroom. We loved playing with our very special guests, singing songs, and enjoying muffins and strawberries together!

Spring has Sprung!

Earlier this spring three adorable baby chicks arrived! The Bear Cubs were able to observe their behavior, listen to their peeping, and get a chance to hold these fluffy, funny creatures. We also watched our caterpillars grow, form a chrysalis, and emerge as beautiful butterflies. We have also been very busy planting in the garden! We love Spring!
